

Kennedy Catholic High School Summer Reading 2019

All students attending Kennedy must read one book (and for some courses, two books) before the school year starts. Our intent is to encourage students to become life-long readers and learners outside the academic classroom environment. We hope to promote critical and independent thinking as well as consideration of diversity of viewpoints. Please keep in mind that some books may contain language or content that some parents may not be comfortable with. We make every effort to choose books that illustrate the Seven Themes of Catholic Social Teaching and also relate to many disciplines and topics; however, we encourage parents and students to read the books together and discuss them during and after reading.

The assessment of this book will occur within the first two weeks of school in your English class and may take the form of a quiz, project, discussion, or literature circles.
