## PHYSICAL EXAMINATION

-- 2 --

Washington Interscholastic Activities Association (WIAA) regulation 18.13.0 requires that prior to the first practice for participation in interscholastic athletics a student shall undergo a thorough medical examination and be approved for middle level and/or high school interscholastic athletic competition by a medical authority licensed to perform a physical examination. This physical examination must include, but is not necessarily limited to:

- Documentation of a detailed review of the student's medical history with special attention to presence or absence of cardiovascular/pulmonary risks and/or previous significant injury and rehabilitation there from.
- Documentation of satisfactory examination of the cardiopulmonary system.
- Documentation of satisfactory sport-specific orthopedic screening examination.
- A written statement by the examiner as to the fitness of the student to undertake the proposed athletic participation, together with suggestions for activity modification if necessary.

WIAA regulation 17.11.6 states that for each subsequent twenty-four month period the student shall furnish a statement or physical examination form signed by a medical authority licensed to perform a physical examination that provides clearance for continued athletic participation.

Recommendations \_\_\_\_\_

**I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).**
